

15th Annual Meeting of the Association of Clinical Elbow & Shoulder Surgeons

Boca Beach Club, A Waldorf Astoria Resort
900 S Ocean Blvd, Boca Raton, Florida, 33432, USA
Nov 7-10, 2019

The Association of Clinical Elbow and Shoulder Surgeons (ACCESS) was founded in 2005 by a group of fellowship trained elbow and shoulder surgeons with the common goal of the advancement of patient care. ACCESS is a group of physicians that share a common interest in shoulder and elbow surgery and this group evolved to provide a peer group to share clinical cases and further the education of complex shoulder and elbow surgery. The main focus of this group is to provide a collegial atmosphere for members and their families and to encourage long term interactions and sharing of ideas. ACCESS holds annual business and scientific meetings to improve the quality of care provided to patients with complex elbow and shoulder disorders.

Disclosure

To ensure balance, independence, objectivity and scientific rigor in all sponsored educational activities, all participating speakers, course directors, and planning committee members are required to disclose to the program audience any financial relationships related to the subject matter of this program. Relationships of spouse/partner with proprietary entities producing health care goods or services should be disclosed if they are of a nature that may influence the

objectivity of the individual in a position to control the content of the program. Specific disclosure information for each speaker, course director and planning committee member will be shared with the audience prior to the speaker's presentation.

Thursday November 7, 2019
